Innobella - Genuine Paper & Original Inks from Brother

New Paper – BP71

Brother's Innobella™ technology will deliver a photo studio-quality finish to your snapshots. The Premium Plus Glossy Photo Paper, together with the Innobella inks, will produce vivid and deep colors for a professional output, all with an impressive high-gloss touch that will enhance your most precious pictures. The heavy weight of the Premium Plus Glossy Paper (260g/m²) and a complete range of paper sizes (Photo, A4 and A3) will help you get the high quality result you always wanted from your Brother printer.
