

KONICA MINOLTA

The essentials of imaging

bizhub 40P

Designed for productivity

Office system bizhub 40P

Small footprint big performance

In the new bizhub 40P Konica Minolta has combined high black & white productivity with a compact construction. Flexibility is an added asset in this exceptional printer that comes in different configurations to suit the diverse needs of busy workgroups.

- The bizhub 40P stands for speed and power and produces up to 43 crisp b/w prints per minute, with the first page available after just 9.5 seconds. It incorporates latest Emperon™ technology and features a powerful 500 MHz processor, 128 MB standard memory and Gigabit Ethernet.
- Operation is convenient and straightforward via a full graphics LCD panel in which provides a visual indication of the printer status up close or across the room. The bizhub 40P's user convenience also includes secure printing* and job tracking to facilitate print cost control.
- With its compact yet sturdy design, its impressive productivity and easy operation the bizhub 40P is the perfect printer for all environments with extensive general and professional b/w printing requirements in a minimum of space. The bizhub 40P will easily integrate into e.g. customer service environments, financial departments, logistics providers and other businesses, where printing needs include invoices, monthly reports, order and packing lists, inventories and any other type of documentation.

→ Configurations

Living up to highest expectations

Representing the very latest in document processing the bizhub 40P combines the most innovative technology with high compatibility. Versatile media input and output capabilities further enhance its productivity and enable flexible upgrading to changing business requirements.

➔ Advanced hardware, enhanced functionality

- The built-in Emperon™ system provides compatibility not just with PostScript 3 and PCL 6 but a wide range of operating systems and business applications, ensuring the bizhub 40P's seamless integration into virtually any network. Native support of XPS, Microsoft Vista™'s XML paper specification, is also provided*. DPWS (Device Profile for Web Services) makes the bizhub 40P installation fast and easy; and with IPv6 and IPsec support, the bizhub 40P offers latest IT technology.
- Flexible configurations with up to four paper cassettes provide a maximum paper supply of 1800 pages and availability of up to four different paper types, such as media qualities of up to 216 gsm, coloured paper, stationery, forms, etc. Thanks to the face-up output tray that ensures a direct paper path, specialties like packing lists, envelopes, labels and others are processed without hitch.
- Other options enhance the bizhub 40P's performance further: Double-sided printing is automatic with the optional duplexer; and a 500-sheet offset stacker separates multiple prints or different jobs, for the convenient retrieval of prints by various users.

➔ Security and control inclusive

- The bizhub 40P's job accounting functionality facilitates cost control. Details of every print job are tracked, allowing the allocation of printing costs to individual users – a process that can help keep printing costs in check!
- Secure printing is also available*, enabling users to delay printing by first setting a password on their computer, which they then need to enter in the printer display to release their job. Full confidentiality is thus guaranteed.
- PageScope WebConnection provides single device monitoring for everyone. Real-time status information, such as toner levels and printer problems, can be viewed on the PC with the PageScope® Suite tools (HDD or CompactFlash™ card required).

* optional hard disc required

Technical specifications

Printer specifications

Printing system
Electrostatic laser print

Print speed
Up to 43 ppm (A4)

1st print time
9.5 seconds

Warm-up time
Approx. 20 sec.

Print resolution
1,200 x 1,200 dpi

Controller CPU
500 MHz

Page description language
PostScript 3
PCL 6 (XL3.0)
PCL 5e/c
XPS (with optional hard disc)

Operating systems
Windows 2000/XP/XP64
Windows VISTA 32/64
Macintosh OSX 10.2, 3, 4
Server 2003/2003 x64
Linux: Redhat v9.0, SUSE v8.2

Interface
10-Base-T/100-Base-T/
1,000-Base-T Ethernet
USB 2.0
Bidirectional IEEE 1284 parallel

System specifications

Memory
Standard: 128 MB standard
Max.: 384 MB maximum

Hard disc
40 GB optional

Paper size
A6-A4
Custom paper sizes
76.2-215.9 mm x 127-355.6 mm

Paper weight
64-216 gsm

Paper input capacity
Standard: 700 sheets
Max.: 1,800 sheets

Paper output capacity
Max. 500 sheets face down and 70 sheet
face-up standard
Max. 1,000 sheets with optional offset
stacker

Automatic duplexing (optional)
A4
64-216 gsm
128 MB Extension Memory required

Power consumption
220-240 V / 50/60 Hz
812 Watt or less (average printing)
119 Watt or less (average standby)
1.3 KW or less (max.)

System dimensions (W x D x H, mm)
422 x 465 x 404

System weight
Approx. 25 kg

System features

Print functions
Direct print of TIFF, JPEG, PDF
(with optional hard disc or CF card)
USB direct printing
(with optional hard disc or CF card)
Job programming "Easy Set" - storable
print settings
Overlay, Watermark
Toner save mode

Security
Secure Print - code protected (optional)
IP filtering
Ipsec (IPv6) support
IEEE802.1x

Software
PageScope NetCare
PageScope Data Administrator
Direct Print Utility
PageScope Network Setup
PageScope EMS plug-in
PageScope Plug and Print
PageScope NDPS Gateway
WebJet Admin plug-in

CF card enables storing fonts/overlays, direct printing (PDF, TIFF and JPEG), Collating, Job Accounting, User/Department certification and optional offset finisher support. More than 1 GB CF card is required for Collating.

Optional hard disc kit enables Secure printing, Proof-then-Print, Print & Hold, Job storing and XPS support in addition to all extra functions with CF card.

All specifications relating to paper capacity refer to A4-size paper of 80 gsm quality.

All specifications relating printing speeds refer to A4-size paper that is printed crosswise in multipage, simplex mode.

Some of the product illustrations contain optional accessories.
